Nonviolent Struggle: Theories, Strategies, and Dynamics

Sharon Erickson Nepstad

Nonviolent Struggle: Theories, Strategies, and Dynamics Sharon Erickson Nepstad

From Gandhi's movement to win Indian independence to the Arab Spring uprisings of 2011, an expanding number of citizens have used nonviolent action to win political goals. While such events have captured the public imagination, they have also generated a new surge of scholarly interest in the field of nonviolence and civil resistance studies. Although researchers have produced new empirical data, theories, and insights into the phenomenon of nonviolent struggle, the field is still quite unfamiliar to many students and scholars.

In *Nonviolent Struggle: Theories, Strategies, and Dynamics*, sociologist Sharon Nepstad provides a succinct introduction to the field of civil resistance studies, detailing its genesis, key concepts and debates, and a summary of empirical findings. Nepstad depicts the strategies and dynamics at play in nonviolent struggles, and analyzes the factors that shape the trajectory and outcome of civil resistance movements. The book draws on a vast array of historical examples, including the U.S. civil rights movement, the Indonesian uprising against President Suharto, the French Huguenot resistance during World War II, and Cesar Chavez's United Farm Workers. Nepstad describes both principled and pragmatic nonviolent traditions and explains various categories of nonviolent action, concluding with an assessment of areas for future research.

A comprehensive treatment of the philosophy and strategy of nonviolent resistance, *Nonviolent Struggle* is essential reading for students, scholars, and anyone with a general interest in peace studies and social change.
