**Morality and the Good Life: An Introduction to Ethics Through Classical Sources** Robert Solomon, Clancy Martin, Wayne Vaught

The premise of this ethical theory anthology is that the study of ethics represents, above all else, participation in the thinking of a long tradition of philosophers. Organized historically by philosopher, the book provides an introductory chapter on ethical concepts and helpful commentary and study questions throughout the reading selections. *Morality and the Good Life* is substantial enough for a full course in ethics, but it is concise enough to allow the instructor time to include other approaches in addition to the classic texts and materials presented in this volume.
