Encyclopedia of U.S. Military Interventions in Latin America [2 volumes]

Encyclopedia of U.S. Military Interventions in Latin America [2 volumes]

What do baseball, American war crimes, and a slice of watermelon have in common in the annals of Latin American history? Believe it or not, this disparate grouping reflects the cultural and historical remnants of America's military and political involvement in the region. As early as 1811, the United States began intervening in the affairs of Central America, South America, and the Caribbean ... and it hasn't stopped since. This compelling reference analyzes both the major interventions and minor conflicts stemming from our nation's military operations in these areas and examines the people, places, legislation, and strategies that contributed to these events.

In addition to documented facts and figures, the alphabetically organized entries in *Encyclopedia of U.S. Military Interventions in Latin America* present fascinating anecdotes on the subject, including why the United States once invaded Panama over a slice of watermelon, how an intervention in Nicaragua landed our country on trial for war crimes, and how the popularity of baseball in Latin America is a direct result of American influence. Primary source documents and visual aids accompany the content.
