Using Data to Improve Learning for All: A Collaborative Inquiry Approach Nancy B. Love

Collaborative inquiry + effective use of data = significant leaps in learning and achievement!

This resource combines a powerful collaborative inquiry process, reflective dialogue, and rigorous use of data to improve outcomes for all students. The editor and contributors provide detailed examples of schools that have demonstrated dramatic gains by building collaborative cultures, nurturing ongoing inquiry, and using data systematically. The book shows school leaders how to:

- Implement collaborative inquiry to meet accountability mandates
- Build and support a high-performing data culture
- Establish a school climate characterized by collective responsibility for student learning and a respect for students' cultures
