Adobe Lightroom CC/6 - The Missing FAQ is primarily designed as a 600+ page **conversational FAQ-style reference book**, giving you the detailed information you need to make informed choices, whether you've been using Lightroom for a few months or a few years. No more pressing buttons without understanding the repercussions!

Unlike most other Lightroom books, this isn't just the theory of how Lightroom's supposed to work, but also the **workarounds and solutions** for the times when it doesn't behave the way you'd expect.

For less experienced users, the **Fast Track** weaves its way through the book, with short tutorials that guide you through a simple workflow, allowing you to gain confidence before diving into the more advanced questions. To get a taste of Victoria's writing style, download the **free Quick Start eBook** from the Lightroom Queen website.

For many years, the Adobe Lightroom - The Missing FAQ books have been among the most popular Lightroom books available. The LR CC/6 version is a **major rewrite** that's taken 2 years to complete, and it's the best yet. The information is now easier for less experienced users to understand, and easier to find using the comprehensive **new index**. If you've read previous versions, don't worry, all of the advanced information is still there and has been expanded too. The paperback's even more readable having been produced in **color print** for the first time (it's a thick matte paper, so it's much better than the previous B&W print).
