Set in the far flung past, enter the serialized novel of Children of Panem: Apple of Discord. Follow the story of Jules A. Herbert as he transcends the realms of human consciousness trying to undo mistakes which seeming cannot be undone. From the birth of human consciousness to a galactic warzone, the engaging story will keep you on your toes as Herbert faces arachnid enemies, star collapsing monsters, and the resurrection of a long dead species in search of his answers.

Episode one begins with the birth of human intelligence, engineered by our nurturing caretakers. In the wake of an intra-galactic war we are hoisted from primal beasts to sentient beings; created in the wake of a full scale evacuation by those who may very well one day need us.

This is the epilogue into the world of this serialized novel. Watch over the coming weeks as we launch the sequential components to Herbert's story in stunning glory.
