Project Management Concepts, Methods, and Techniques (ESI International Project Management Series)

Claude H. Maley

Project Management Concepts, Methods, and Techniques (ESI International Project Management Series) Claude H. Maley

In order to succeed in today's increasingly competitive environment, corporations, companies, governments, and nonprofit organizations must be conversant with modern project management techniques. This is especially true for individuals looking to remain professionally competitive.

Illustrating the why, what, and how of project management, **Project Management Concepts, Methods, and Techniques** will help readers develop and refine the skills needed to achieve strategic objectives. It presents a balanced blend of detailed explanatory texts and more than 200 illustrations to supply readers with actionable knowledge that can be put to use immediately.

Completely aligned with the Project Management Institute Body of Knowledge (*PMBOK® Guide*), this book is the ideal platform for developing the understanding needed to plan, schedule, and deliver successful projects. Explaining how to recognize performance obstacles, it supplies time-tested strategies to help you:

- Overcome performance obstacles and produce positive results
- Master the communication and relationship management techniques required for success
- Develop and refine the core project management skills needed to manage projects in multi-disciplinary and cross-functional environments

Filled with exercises, worked-through answers, and self-assessment techniques, this book is an ideal guide for anyone who works directly or indirectly with the management of projects. It illustrates a wide range of real-world situations to help you develop the real-world knowledge needed to consistently deliver projects that meet and exceed stakeholder requirements well into the future.

From reader reviews:

Tatum Martin:

Hey guys, do you want to find a new book to read? Maybe the book with the concept Project Management Concepts, Methods, and Techniques (ESI International Project Management Series) suitable to you? Often the book was written by a well-known writer in this era. The actual book titled Project Management Concepts, Methods, and Techniques (ESI International Project Management Series) is the main of several books that everyone reads now. That book has inspired many people in the world. When you read this e-book, you will enter the new dimensions that you never knew previously. The author explained their concept in a simple way, so all people can easily recognize the core of this guide. This book will give you a large amount of information about this world now. So you can see the representation of the world with this book.

Louis Jackson:

The actual book Project Management Concepts, Methods, and Techniques (ESI International Project Management Series) will bring you to definitely the new experience of reading a new book. The author's style to spell out the idea is very unique. In the event you try to find a new book, you just read, this book is very ideal to you. The book Project Management Concepts, Methods, and Techniques (ESI International Project Management Series) is much recommended to you to learn. You can also get the e-book through the official web site, so you can read the book quicker.

Katherine Contreras:

Why? Because this Project Management Concepts, Methods, and Techniques (ESI International Project Management Series) is an extraordinary book that the inside of the book is waiting for you to snap that but later it will surprise you with the secret it has inside. Reading this book alongside it was a fantastic author who has written the book in such a remarkable way that makes the content inside easier to understand, an entertaining approach but still conveys the meaning completely. So, it is good for you for not hesitating having this any longer or you going to regret it. This book will give you a lot of rewards that other books have not, such as help improving your expertise and your critical thinking method. So, still want to hold up having that book? If I ended up you, I will go to the e-book store hurriedly.

Valerie Smith:

Playing with family in the park, coming to see the water world or hanging out with pals is a thing that usually you may have done when you have spare time, and then why you don't try a sport that is really opposite from that. A single activity that makes you not experience tired but still relaxing, thrilling like on a roller coaster, you are riding on and with adrenaline associated with. Even you love Project Management Concepts, Methods, and Techniques (ESI International Project Management Series), you can enjoy both. It is a fine combination, right, you still need to miss it? What kind of hangout type is it? Oh seriously, it's a mind hangout guys. What? Still don't get it, oh come on, it's identified as reading friends.
