A Textbook of General Practice 3E

Patrick White, Ann Wylie

A Textbook of General Practice 3E Patrick White, Ann Wylie

An essential guide to general practice and being a general practitioner, **A Textbook of General Practice** is written specifically with the medical student and foundation doctor in mind.

Reflecting current practice, the book does not seek to reiterate the content of a general medical textbook, but instead teaches the fundamental principles of general practice. The coverage is comprehensive, with everything the undergraduate student or foundation doctor will encounter in a general practice module or rotation. The skills and knowledge presented can usefully be applied to all areas of clinical practice.

With practical exercises throughout the book, readers are encouraged to learn through doing. Quotes from students and tutors offer insights into personal experience, while thinking and discussion points encourage reflection. New features in this edition include improved organization, "red flag" pointers to serious illnesses, and SBA-style self assessment questions.

With content entirely updated to reflect the latest recommendations from *Tomorrow's Doctors*, the third edition of **A Textbook of General Practice** is the number one choice for undergraduates seeking a narrative introduction to this important discipline.

Is it a person who having spare time after that spend it whole day by watching television programs or just lying on the bed? Do you need something totally new? This A Textbook of General Practice 3E can be the reply, oh how comes? A fresh book you know. You are and so out of date, spending your free time by reading in this completely new era is common not a geek activity. So what these books have than the others?

Jamie Ault:

As a college student exactly feel bored in order to reading. If their teacher questioned them to go to the library as well as to make summary for some publication, they are complained. Just minor students that has reading's spirit or real their leisure activity. They just do what the trainer want, like asked to the library. They go to right now there but nothing reading critically. Any students feel that looking at is not important, boring along with can't see colorful photos on there. Yeah, it is to be complicated. Book is very important for you. As we know that on this age, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. Therefore , this A Textbook of General Practice 3E can make you experience more interested to read.
